Hooper Holmes Prepared for Historically Strong Fall Season

*Year-to-date new contracts rise to \$13.6 million in annualized value
Increased access to growth capital*

OLATHE, Kan., September 1, 2017 -- Hooper Holmes, Inc. (OTCQX: HPHW), a national leader in corporate wellness and research support services, announced new sales wins and increased access to capital as the Company heads into its high demand and historically strong performing third and fourth quarters.

“We continue to see robust demand for our services. In the past three weeks, we have added new customers with contracts with an annual value of \$1.7 million, bringing the total annual value of contracts won year-to-date to \$13.6 million. Our sales success helps bolster our confidence in our performance for both 2017 and 2018. We continue to project at least \$54 million in revenue and \$3 million in adjusted EBITDA for the last nine months of 2017. In addition, we are ahead of plan on achieving \$7 million in annualized synergy savings from our recent merger with Provant Health Solutions,” said Henry E. Dubois, Chief Executive Officer of Hooper Holmes.

To provide flexibility and control of access to capital, Hooper Holmes has entered into common stock purchase agreement and registration rights agreements (“Agreements”) with Lincoln Park Capital Fund LLC (LPC), a long-only Chicago-based institutional investor and existing shareholder in the Company. Pursuant to the Agreements, the Company has the right, at its sole discretion, to sell LPC up to \$10 million of equity over a 36-month period.

Mr. Dubois continued, “This commitment creates optionality that could improve our ability to serve new and existing customers as we expand our revenue base. While we believe our current business plan provides sufficient liquidity under our projections, the flexibility gained by this transaction will benefit our Company and our shareholders alike.”

According to the terms of the Agreements and following the effectiveness of a related registration statement, the Company will control the timing of any future investment and LPC will be obligated to make purchases at a purchase price based on the prevailing market prices of the Company’s shares at the time of each sale by Hooper to LPC. In consideration for entering into the Agreements and committing to fund up to \$10.0 million, the Company has issued shares of our common stock to LPC as a commitment fee.

A more detailed description of the Agreements is set forth in Hooper Holmes Current Report on Form 8-K as will be filed with the SEC, which the Company encourages be reviewed carefully.
